14:45 – 17:00	**Lab**

Prerequisites

- **Laptops**
- **Visual Studio 2017 / 2019**
- **Service Fabric SDK**
- **Azure subscriptions (preferably Pay-as-you-go or Visual Studio benefits)**
  - we can tweak the lab to fit Azure Trials, for an experience price
- **Google Chrome (or another browser which plays nice with Swagger)**
- **A GitHub account**

Please share your GitHub accounts now!

- **Share your GitHub username or the e-mail address the GitHub account is associated with**
  - You need to set your e-mail address to public in order to get your account queried by your e-mail address

Microsoft Azure

Remember to have fun!
